Glendale, AZ 85308

Subject: Label Amendment – To change product name and update label
Product Name: SODIUM HYPOCHLORITE-12.5% Manufacturing Use
EPA Registration Number: 266-20007
Application Date: April 15, 2015
Decision Number: 505013

Dear Mr. Smart:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

EPA Reg. No. 266-20007
Decision No. 503756

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Wanda Henson by phone at (703) 308-6345, or via email at henson.wanda@epa.gov.

Sincerely,

A handwritten signature in blue ink that reads "Wanda G. Henson, for". The signature is written in a cursive style.

DANGER

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS: CORROSIVE. Causes irreversible eye damage and skin burns. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling this product. Avoid breathing vapors. Vacate poorly ventilated areas as soon as possible. Do not return until odors have dissipated. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, estuaries, oceans, or public waters unless in accordance with the requirements of the National Pollutant Discharge Elimination Systems (NPDES) permit and the Permitting Authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

PHYSICAL AND CHEMICAL HAZARDS: STRONG OXIDIZING AGENT: Mix only with water according to label directions. Mixing this product with gross filth such as feces, urine, etc., or with ammonia, acids, detergents, or other chemicals will release hazardous gases irritating to eyes, lungs, and mucous membranes.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage, disposal or cleaning of equipment. Store this product in a cool dry area, away from direct sunlight and heat to avoid deterioration. In case of spill, flood areas with large quantities of water. Product or rinsates that cannot be used should be diluted with water before disposal in a sanitary sewer. Refillable Container. Refill this container with Sodium Hypochlorite only. Do not reuse this container for any other purpose.

The product in this container has been packaged and labeled in strict compliance with applicable federal and local laws and regulations in effect at the time of packaging and it may not be repackaged in any container without prior written permission from the administrative office of Hill Brothers. Repackaging without permission places responsibility for any subsequent loss and/or claim solely on the re-packer. The information contained hereon is based on data considered accurate; however, no warranty is expressed or implied regarding the accuracy of these data or the results to be obtained from the use thereof. User of this product assumes the risk in the use of this material.

DIRECTIONS FOR USE
Sodium Hypochlorite – 12.5% Manufacturing Use
EPA Reg. No. 266-20007
EPA Est. No. 266-AZ-1

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

FOR MANUFACTURING USE: Reformulators and repackagers of this product must obtain their own registrations from the Environmental Protection Agency.

This product is for manufacturing use of products intended to be used as:

- sanitizers of surface (e.g. wooden butcher blocks, stainless steel tops, concrete floors, tile walls);
- sanitizers of commercial and household laundry;
- agents to wash or assist in lye peeling of fruits and vegetables;
- agents to help control microorganisms on eggs for human consumption;
- disinfectants of poultry drinking water;
- disinfectants of human drinking water (emergency/public/individual), swimming pool water, hubbard/immersion tank water, spas/hot tub, hydrotherapy pools, human drinking water systems (e.g. water mains);
- disinfectants of nonporous hard surfaces (e.g., tile, glass, stainless steel, fiberglass);
- agents to help control microorganisms in sewage, wastewater, industrial and pulp and paper process water systems;
- algicides/slimicides in cooling towers or evaporative condensers;
- sanitizers of dialysis machines;
- sanitizers of toilet bowls;
- agents to help control algae and bacteria in fish and lobster ponds/tanks and conditioning oysters;
- agents to help control slime on boat bottoms;
- agents to sanitize and deodorize artificial sand beaches; or
- agents to kill scavenger fish in fish hatchery ponds.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage, disposal or cleaning of equipment. Store this product in a cool, dry area away from direct sunlight and heat to avoid deterioration. In case of spill, flood areas with large quantities of water. Products or rinsates that cannot be used must be diluted with water before disposal in a sanitary sewer. Cleaning the container before final disposal is the responsibility of the person disposing of the container. Cleaning before refilling is the responsibility of the refiller. To clean the container before final disposal, empty the remaining contents from this container into application equipment or mix tank. Fill the container about 10 percent full with water. Agitate vigorously or recirculate water with the pump for 2 minutes. Pour or pump rinsate into application equipment or rinsate collection system. Repeat this rinsing procedure two more times. Refillable container. Refill this container with Sodium Hypochlorite only. Do not reuse this container for any other purpose.
